Our Approach

We are a creative consultancy specializing in strategy, design and execution; offering innovative and holistic branded solutions. Our unique blend of brand strategy and interpretive storytelling enable us to create memorable experiences within the built environment that attract, inform, communicate and inspire. We develop spaces that elevate awareness, influence and transform how audiences interact with a space—creating a lasting impression of your brand.

We believe that through Collaboration great ideas are born.

Our collaboration process is friendly, effective and trustworthy; engaging businesses, employees, and partners in a transformative experience that yields a deeper understanding and appreciation of the synergies between design and business.

We are Passionate about Innovation.

Our multidisciplinary team brings their individual areas of expertise to each project opportunity. Through combined insight and dedication to design excellence truly unique ideas grow into meaningful outcomes.

We Value our Customers.

Our Customers continue to select us because of our sensitivity to understanding their needs and a commitment to delivering upon their vision. Our primary objective is to maximize your investment and deliver the best solutions for the best financial value.

kolar

Construction Administration Lead

The Construction Administration Lead (CA Lead) is responsible for oversight of the technical aspects of project delivery, working in collaboration with the design team, to ensure design intent of project and quality standards of installed design solutions are achieved. Your primary focus will be the coordination of fabrication and installation activities and inclusive of the oversight of detailing and production of artwork. Your work will be largely self-directed and require collaboration within our fast-paced, multi-disciplinary team in support of the organization's strategic direction, vision, and values.

This position requires advanced technical knowledge (a minimum of 5 years related experience in the implementation of Branded Environments, Wayfinding or Exhibits along with materials application / performance, and codes, standards, and regulations in the building industry); solid creative problem solving abilities; strong interpersonal and communication skills; and an attention to detail and timeliness.

We are always interested in qualified candidates. Please send resume and portfolio (PDF format) to: hr@kolar.design.net. Kolar Design is an equal opportunity employer.

Thank You
